The MSEUF 70th Foundation Anniversary Logo represents the triumph of the University in offering quality education for 70 years. The laurel in platinum symbolizes the 70 years of excellent service since its founding in 1947. The laurel entwines the “19 leaves” that represent the University’s fifteen academic departments including the ETEEAP and four affiliate schools. The open book is placed at the center of the logo to highlight the University’s fundamental goal—to produce graduates who have research-based knowledge, leadership and managerial skills and professionalism. A graphical representation of an Envergan is also located at the top of the open book facing upward, a symbolic gesture to keep it up with the demands of a diverse, global and technologically advanced society. The logo is dominated by the colors maroon and white, the University’s official colors and gold, the color of excellence. Under the logo is the inscription of the theme of the Septuagenial Anniversary, “Keep It Up, Envergans!”
